Holden Rural
Academy

School Choice: What is it?

In the province of Alberta, parents have the right to choose the kind of education they feel will be best for their children. But choice in education is mainly an urban idea. When your local school closes, you don't really have a choice!

Holden Rural Academy offers a local choice,
tailored to rural students.

Rural parents in Alberta want local public schools that are robust, vibrant, and centres of innovation. Look at the amount of financial donations that rural schools receive from their local communities. . . . It's not because our communities are fabulously wealthy. It's because they value the local school.

- Kevin Van Lagen - The Prairie Principal - Choice in Education

URGENT: Alberta Education requires registrations now in order to give us approval to to open this fall. Make sure your friends have filled out a registration form!

Multi Club 4-H Fun Day

On April 30, the Beaver County 4-H Multi Club got together at the Holden Complex to work on their various projects. The cooking group was instructed by Jill Janzen, a baker from Lougheed, in making cream horns, Danish apple bars, and brownies! Yum! They also provided lunch for the 4-H members and families. The members in the small engines project invited a professional lawnmower racer, Blain Austin, to assist them in working on their project lawnmowers. Afterwards, the members had race to test how the lawnmowers ran. The club will be in the Holden Farmer's Day parade, alongside the lawnmowers! After the parade, the club will be found in the curling arena with their year-end presentations and projects. Feel free to come out and ask us about what we learned and did this year!
