BYLAW REMINDER

Due to the amount of complaints the Village office is receiving for the parking of trailers on the roads that are blocking vision sights for turning, we want to notify residents of one of the sections of our Traffic Bylaw. This is just a reminder to please move your trailers or recreational vehicles off of the roads as soon as possible.

- 5.7 No person shall park a Recreational Vehicle or any type of trailer for carrying goods or equipment such as a cargo or flat-bed trailer, whether connected to a vehicle or unconnected, on a Highway for a period greater than FORTY EIGHT (48) consecutive hours.

If you would like to see the full Traffic bylaw, you can come to the office for a paper copy or visit our website at <https://holden.ca/wp-content/uploads/2020/01/Bylaw-Traffic-4-2017.pdf>

780.663.2038 and ask for the Collections extension, 102.

If your Village residents need help getting a large item to one of the collection bins, please have them reach out to our Collections Department as they may be able to provide assistance.

Items acceptable for collection in this Program include mattresses, sofas, recliners, white goods (stove, washing machine, etc.) and appliances, tires and propane tanks.

Items that are unacceptable for the collection program include grass clippings, trees, tree branches, bags of household garbage, small items that would fit into the neighbourhood waste bin, and cardboard boxes. These items can be broken down and placed in the bin in the alley. Electronic waste should be taken to a transfer station. Chunks of concrete or cement must be taken directly to the landfill site in Ryley.

Fridges, freezers, water coolers and window air conditioning units are acceptable, however there is a \$25 charge for Freon removal. Urban residents will need to pay for the Freon removal at the local Town/Village office. Once payment has been made, a sticker will be provided that needs to be placed on either the front or side of the appliance.

HOLDEN RURAL ACADEMY

Being a new Charter School Holden Rural Academy is going to have a lot of firsts this year! The most impressive First is the granting of the First ever Holden Rural Academy Credit for High School courses.

That honour was accomplished on Monday September 19, 2022 when Ben McKnight achieved that honour. Ben completed his HCS 3000 Work Place Safety Systems and has received his certificate for completion. This is also a first as this was the first certificate of Completion handed out at Holden Rural Academy.

We had a celebration of achievement with Tim Bits and then right back to work. Now that Ben has completed his HCS 3000 he is doing work placement with an electrician in the community of Holden.

Well done, Ben
